

# PA DREAM TEAM LEHIGH VALLEY

CAREER EXPLORATION  
PROGRAM Spring 2022  
Resources for Educators

Serving Lehigh and  
Northampton County School  
Districts since 2015

LEFT: PA Dream Teamer Tyler Heft,  
a technician at Lutron, presents to  
South Mountain Middle School  
students in 2019

## 1 The Career Interview In-Person or Virtual

Dream Team members will answer a variety of selected interview questions relating to their education, childhood aspirations and daily job responsibilities on site at their manufacturing jobs. Participants will catch a bird's eye view of the career work environment in STEM fields and learn directly about career pathways. Props will be employed to illustrate job duties/tasks. Additional impromptu questions will be answered by Dream Team members as time/interest permits. Interview packet of questions will be sent to the teacher/zoom facilitator. **(30 minutes)**

## 2 Career Presentation with Project Learning

Dream Team members will tell their specific career journeys via a power point presentation and discussion of education, required course work/beneficial internships and day to day job duties. Members will also conduct a hands-on learning activity illustrating skills needed in this particular occupation. Materials for the hands-on activities/classroom project will be predetermined in a collaborative meeting with presenter and educator in advance of the session. Dream Team members can be available at a later date to answer questions relating to project work. **(45 minutes)**

## 3 Virtual Company Tours

Dream Team members will take you on a virtual tour of their manufacturing sites using our library of ***What's So Cool About Manufacturing*** Videos, [www.WhatsSoCool.org](http://www.WhatsSoCool.org). Members will answer questions about their specific journey to employment through a combination of education and experience. Members joined by Human Resource colleagues will share a forecast of needed occupations at their particular manufacturing sites. **(30 minutes)**

## 4 Tailored Sessions

Available on request.
